

# GROVES SCAN

YOUR INVENTORY MANAGEMENT WITH THE GROVES SCANNER SOLUTION.

GROVES SCAN IS A CUSTOMER MANAGED INVENTORY REPLENISHMENT SOLUTION THAT UTILIZES GROVES-PROVIDED SCANNING TECHNOLOGY, TO HELP STREAMLINE ORDERING PROCESSES. ALL IN REAL TIME.

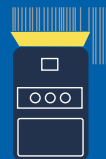

## STANDARD FEATURES

- Easy to use
- Maximize productivity
- Saves buyers time and effort
- Order what you need 24/7
- Use any time at any remote stocking location
- Streamline purchasing
- Review and edit orders before they're placed via your account at grovesindustrial.com
- Full control over how often an order is generated

## HOW IT WORKS

1. Groves creates barcodes for your items.

2. You scan the barcodes and enter on-hand inventory counts.

3. Based on the min/max levels, an order is generated for items that fall below a min level.

**BARCODING SOLUTIONS ARE THE BEST WAY TO MANAGE YOUR INVENTORY.**
