

STUD-E™

The Ultimate Workplace Safety Survey

What is STUD-E™?

The Justrite® STUD-E™ workplace safety survey assists in creating and maintaining a safe workplace by identifying vulnerabilities. Keeping workers safe is much more than PPE – it starts with recognizing potential risks and hazards.

Using our *proprietary, custom-built app* designed by safety engineering experts, STUD-E™ covers three general areas:

1 Identify Hazards

- Storing & transferring flammable liquids
- Slips, trips, and falls
- Spill control and containment
- Machinery and Equipment
- Hazardous material management
- Hazardous waste storage areas
- Emergency Safety equipment
- Extreme Temperatures
- Noise
- Signage

2 Assess Risk

- Determine sources and processes causing risk
- Evaluate existing control measures
- Actions needed to control the risk
- Severity Level
- Urgency of the risk
- Prioritization of risks

3 Control

- Help eliminate or minimize risk
- Substitute hazard with safer alternative
- Recommend engineering controls
- Administrative controls
- 5S Lean
- Process Improvement

If you can't spot the numerous problems in this picture, you could have safety violations. We can help.

Cost Savings

STUD-E™ prioritizes critical safety issues while helping to balance the bottom line.

- ✓ Preventing compliance violations from OSHA and EPA
- ✓ Avoiding costly fines
- ✓ Preventing workers comp claims
- ✓ Lowering insurance premiums
- ✓ Enhancing process improvements
