

2021 Promotion - Q4

Free Grooving Tool!
See details below

One, two, or four
cutting edges to
maximize productivity

Walter Grooving

FOUR GROOVING SYSTEMS - UNIQUE BENEFITS

– Walter Cut DX with SmartLock

- Patented SmartLock technology on the G4014 makes it possible to index the inserts in the machine without the need to take the tool off of gang tooling; substantially reducing the change time.

– Walter Cut GX

- The wide range of double-edged indexable inserts makes the GX system the first choice for cutting depths up to 1.299 in and parting off diameters up to 2.559 in.

– Walter Cut MX

- Walter Cut MX is the perfect grooving and parting off tooling system for parting off small diameters up to 0.236 in and for grooving up to 0.472 in.

– Walter Cut SX

- A self-clamping grooving system is indispensable wherever large cut off depths are required.

DX

Patented parting-off system,
ideal for Swiss machining

GX

Universal "go to" system for grooving,
groove-turning, and parting off

MX

Tangential arrangement
enables outstanding
flatness and surface quality

SX

Deep
grooving and
parting off
with internal
coolant

Promotion includes
modular tools!*

Promotion Details

Purchase qualifying number of inserts in the corresponding system and receive the tool holder free! *For modular tools, purchase 1 box per tool body and 1 box per module. Promotion dates: October 3rd thru January 28th, 2022

Offers below are for example only; see full promotion details in Q4 customer presentation or contact your local Walter representative.

MX system

Insert	s in	T_{max} in	b in	h = h₁ in	l₁ in
MX22-2E318N02-CF5 WSM23S	0.125	-	-	-	-
Holder					
G3011-1212R-MX22-2	-	0.236	0.472	0.472	4.724
G3011.08R-MX22-2-P	-	0.236	0.5	0.5	4.724

Promotion Details

- Buy (5) MX inserts, get one non-thru coolant holder for free
- Buy (10) MX inserts, get one thru coolant (-P) holder for free
- Buy (10) MX inserts, get one monoblock Capto holder for free

SX system

Insert	s in	T_{max} in	b in	h = h₁ in	l₁ in
SX-3E300N02-CF5 WSM33S	0.118	-	-	-	-
Holder					
G2012.16R-3T33SX	-	1.299	1.0	1.0	5.906
G2012.16R-3T33SX-P	-	1.299	1.0	1.0	5.906

Promotion Details

- Buy (10) SX inserts, get one non-thru coolant holder for free
- Buy (20) SX inserts, get one thru coolant (-P) holder for free

* For modular tools, purchase 1 box per tool body and 1 box per module.

GX system

Insert	s in	T_{max} in	b in	h = h₁ in	l₁ in
GX24-3E400N02-CF5 WSM33S	0.157	-	-	-	-
Holder					
G1011.12R-3T216X24	-	0.827	0.75	0.75	5.906
G1011.12R-3T216X24-P	-	0.827	0.75	0.75	5.906

Promotion Details

- Buy (10) GX inserts, get one non-thru coolant holder for free
- Buy (20) GX inserts, get one thru coolant (-P) holder for free

* For modular tools, purchase 1 box per tool body and 1 box per module.

** For Monoblock-Capto tooling, buy (40) GX inserts, get the holder for free.

DX system

Insert	s in	D_{in}^{max}	b in	h = h₁ in	l₁ in
DX18-2E200R7-CF5 WSM23S	0.079	-	-	-	-
Holder
